

Title: Failed to execute goal com.spotify:docker-maven-plugin:0.4.3:build Exception caught: HttpHostConnectException: Connect to localhost:2375  
Post Body:

Deploy Spring Cloud project with docker, some code in the pom.xml:

<build> <plugins> <plugin> <groupId>org.springframework.boot</groupId> <ar

when i run the command: mvn package docker:build, it throws errors:

[INFO] ----- [ERROR] Failed to execute goal com.spotify:doc

why will it connect to localhost:2375? Any idea, i will appreciate!

Accepted Answer: None

Highest Rated Answer:

Please update your docker-maven-plugin's version from 0.4.3 to 1.0.0

<build> <plugins> <plugin> <groupId>org.springframework.boot</groupId> <ar
